## WORK EXPERIENCE

### ART DIRECTOR

Platige Image | 04/2023 – 11/2024

- Art Supervision for VFX Production in game cinematics.
- Developing detailed briefs for the team, including: visual references, moodboards, key concepts, keyframes, color scripts.
- Delivering constructive artistic feedback to the team to enhance the quality of the project at every production stage.
- Monitoring whether the project meets the requirements outlined in the script, brief, or other creative guidelines.
- Supervising subsequent stages of visual asset creation, ensuring they align with the initial concept and the client's expectations.

### FREELANCER - ART DIRECTOR | CONCEPT ARTIST | MATTE PAINTER

Platige Image | Orca Studios | Lunapark | Lokomotive | FixaFilm | Juice | Vein | Machmoving | 01/2020 – currently

- Leading the creation of visual effects for films, commercials, and cinematics, ensuring artistic consistency throughout the process.
- Developing detailed briefs for the team, including: visual references, moodboards, key concepts, keyframes, color scripts.
- Preparing artistic feedback for the team.
- Taking care of the compliance of the project with the requirements of the script or brief.
- Supervising subsequent stages of visual asset creation, ensuring they align with the initial concept and the client's expectations.
- Producing high-quality matte paintings and overpaints for films, commercials, and game cinematics.
- Crafting visual concepts for films, commercials, and cinematics that serve as a foundation for further production.
- Preparing visually compelling presentations to promote films and commercials.
- Providing artistic advice for film, advertising, and music video productions, including visual analysis and creative suggestions.

### ART DIRECTOR

Bones Studio | 04/2022 – 07/2022

- Art Supervision for VFX Production in NFT project.
- Preparing a brief for the 3D team: references, concepts
- Supervising the 3D modeling process with meticulous attention to detail, ensuring every element aligns perfectly with the client's vision.
- Providing precise and constructive feedback on 3D models, clothing, hair, and FX, helping the team refine the project at every stage of production.
- Ensuring all team-created projects meet the client's creative requirements, maintaining both artistic and technical consistency.
- Offering guidance and solutions to technical challenges, supporting the team in efficiently achieving project goals.
